

PSHCE Curriculum Statement

Intent

At Ecton Village Primary Academy, personal, social and health and careers education (PSHCE) enables our children to become healthy, independent and responsible members of a society. It aims to help them understand how they are developing personally and socially, and tackles many of the moral, social and cultural issues that are part of growing up. We provide our children with opportunities for them to learn about rights and responsibilities and appreciate what it means to be a member of a diverse society.

Implementation

At Ecton Village Primary Academy, we follow the Cambridgeshire Personal Development Programme produced by the Cambridgeshire PSHE Service. The programme is organised across the whole school and focusses on the four themes. The themes are:

- Myself and my relationship
- Citizenship
- Economic Wellbeing
- Healthy and Safer Lifestyles
- Sex and Relationships Education

Children will have opportunities for discussion, role-play and time to reflect. The design of the PSHE curriculum also teaches children how to make wise decisions.

Impact

We want our children to be safe and happy so that they can excel in all aspects of life within and beyond school. Through our curriculum, we believe that we prepare children for the next stage in their education as well as preparing them, during this vital stage of their life, for the adult world.
